

REMARKS

The present amendment is made to update the priority references and capitalize trademark referred to in the specification. In addition, claim informalities pointed out by the Examiner have been corrected.

In view of the Examiner's identification of allowable subject matter, claims 4 and 5 have been rewritten in independent form. In addition, trademarks/trade names have been replaced in claims 4 and 5 in order to overcome the Examiner's rejection of these claims under 35 USC 112, second paragraph.

In view of the amendment to the claims and specification, it is submitted that the claims now in the application define patentable subject matter not anticipated by the art of record and not obvious to one skilled in this field who is aware of the references of record. Reconsideration and allowance are respectfully requested.

Respectfully submitted,

Walter A. Hackler, Reg. No. 27,792
